From Daughters to Mothers I've Always Meant to Tell You-Constance Warloe 1998-03-01 In this extraordinary collection of letters written especially for this volume, more than seventy-five distinguished daughters -- novelists, poets, essayists, cartoonists, journalists -- speak to their mothers, both living and deceased. From Joyce Carol Oates to Barbara Kingsolver, from Ntozake Shange to Hilma Wolitzer, these writers deliver messages straight from the heart.... Here are authors of different ages and cultures, many of them mothers and grandmothers themselves, each writing in her own distinctive voice, sharing her secret sorrows, joys, hurt, anger, and understanding. "What do I tell her? What do I not tell her? What do I wish I had said?" Their thoughtful, provocative, funny, and sometimes painful letters hold revelations -- memories and confessions, poems and tales -- at once personal and universal, touching and profound.

How to Text Women. What to Say a Girl to Win Her Heart-

Chris Charm 2019-09-12 Ever wondered what is the first message you should send a woman? How to ask a girl out over text? How to text a girl you haven't talked to in a while? If so, this book is for you! This book is a guide for men in leading them to be quite successful in the way they deal with texting as a platform for reaching out to women. A lot of men struggle with the process of texting a woman and do not convey the right message to the girl for her to be intrigued. The book recognizes the fact that seduction is an art that has got to be learned and takes some practicing. To build confidence and understand the thought patterns of a woman requires some learning and training. This is what informs the idea behind putting this work together. The book is needed by a lot of men who just will not know how to start a conversation with women. If they do start conversations, they do not know how to steer the course of the conversation in order to come out quite impressive in the girl. This book comes to show that section is something that any man can achieve if a man can just acquire the right mindset and understand how to present their personality to the woman. It could be that some men do not understand how women think and how they react to certain messages. This book helps men peer into the world of being a woman to know how they can be evoked to gain attraction towards a man. You will no longer have to fear about what the girl will say or will react when you say something to her. You already can predict her reaction when you tell her this or that. You will, therefore, be more composed as you will not have a lot of shocks from the girls as before. You have been wondering why you get a lot of rejections. It has gotten frustrating for you as a girl will not respond to your text. Sometimes, you meet a girl and she is excited but she simply quickly seems interested when it comes to the time when you follow up to the text. It is time you also find the explanation for that. The book discusses the mindset that can make a man successful with socialization. You will learn how to be socially intelligent in order to be

perceptive about how a woman wants you to say to her in order to make her tick. The book also discusses the strategies of using small talk. It guides you on how to transition small talk into a deeper engagement and a catching conversation. Here, you will learn how your approach has been making you fail. This is through discussing the direct and indirect approach to text. There is a section dedicated to texting women online which is quite a common phenomenon today. Various texting cases are also discussed and a guide on how to get a woman out on a date is elaborated with text examples. From this book, you have to learn what has been holding you back in terms of how you text girls. You have to learn the way to ensure that you demonstrate perceptiveness. Read the book with an awareness of the limitations that usually hold you back. Understand that what is presented in this book is not a template that applies in all circumstances. Tapping the Little Girl in Your Woman-Ryan Hale 2016-10-26

Something has do be done. Too many relationships are ending in divorce and heartache. I blame the men. I blame you. Don't get mad too at me just yet, let me explain my reasoning. Men have misplaced authority over their girl(s). They no longer dominate and take the reigns. They let the girl tell them what to do, feminizing them. Most people reading this know I'm 100% right, but people reading this will still get their feeling hurt and want to immediately criticize me for this argument. Many of you reading this book intro will be secretly condemning me to hell. Others will be upset with me for telling it like it is. Come up with whatever excuse you want, women are hardwired to submit and do as they're told. They are hardwired to be little girls. Here's my peace on this matter: The cause of a woman's unhappiness is the fact that they have been socially conditioned to believe that they have power, can manage independently, etc. etc. etc. A woman who knows her place, who obeys her man, who accepts him as her dominant - the girl is always happy and contented with being a submissive little girl. On the other hand - a woman who attacks men aggressively, spouts off all this equality crap, and who refuses to submit is ALWAYS unhappy, depressed, and miserable. If you happen to be a girl reading this, I hope this helps you better understand your problems. I am a man. I dominate. It's what I'm hardwired to do. I make no apologies for it. I am who God made me. I am a man. If you want to buy into the lie that men and women are equal, God forgive you. I am here to tell you that the solution or answer to most, probably all, of your relationship issues is your unwillingness to accept this truth. If you are ready to accept this truth, this book will help you with what to do next. You see, you must learn how to train your woman to be a little girl. This isn't hard, once you know what to do. This book will provide you sound practical advice and how-to so you can transform your relationship (and/or future relationships) with girls in the future. It takes a while to regress a girl back to childhood. I tell you this so you do not give up on your quest to change her back to her normal state, the state God intended her to be. Mainly what you are doing is un-doing the harm that social conditioning has brought on her since her interactions with other feminists, educators,

television, internet, etc. We call this process re-education. Your girl must be re-educated if she's to find her happy place once more. I wish you luck. You'll need it. It took me awhile, I won't lie. The journey may not seem rewarding now, but reflecting back I can tell you it was some of the happiest moments in my life - training her to obey and be a little girl. The men I have taught this knowledge to have seen the dawning of a new erra in their relationships and lives. There have been incredible breakthroughs and transformation. Let me walk you down this path. Let me help you. Let's get started. The sooner we do, the sooner you'll fall in love with the little girl that is hidden in your woman. Let's free that little girl and let her know it's okay to emerge and be excepted. Your little girl will love you so much for taking the time to put her in her place and discipline her well.
