**History Textbooks**-American Textbook Council 1994 Based on expert review and research, this book provides an innovative standard and guide to social studies textbooks used in kindergarten through 12th grade classrooms for content, style, and design. Chapter 2 discusses the vast business of social studies publishing and the increased complexity of textbook packaging with the movement away from state-level adoption of textbooks. Chapter 3 focuses on the content of social studies textbooks with a comparison of past and present textbooks, a discussion of revisionism and reality, and a look at religion in textbooks. Chapter 4 examines the style and story of textbooks and finds that although the content of past textbooks may be flawed, the prose is superior to recent textbooks. Ideas on narrative, readability, vocabulary, instructional design, history, and style provide ways for textbooks to improve. Chapter 5 addresses the issue of format and proposes clarity and simplicity in technical design of books.
